SUBJECT : DoD Report "Soviet Threat to
Western Technology [redacted]

1. Attached are TTAC comments on the subject DoD draft which was passed to the DCI by Deputy Secretary Taft. Most important is the suggestion that DoD incorporate new material from CIA's forthcoming White Paper on technology transfer. The new specifics and contemporary information on Soviet programs and accomplishments would serve to a) strengthen the impact of the DoD report b) update the example cases and identify DoD programs affected by Soviet technology collection and c) make the CIA and DoD reports complimentary and consistent. Please contact [redacted] Chief of TTAC's Technology Implications Group to discuss any assistance which CIA can provide. He may be reached on [redacted]

2. For your information, Director Casey will discuss the above points with Secretary Weinberger during his breakfast meeting on Friday, 30 August. [redacted]
